In the event of the Contractorfailing comply with the overall and individual to milestonescontainedinthetimeschedules, heshallbeliabletopayliquidated damagesasprovidedforinthisContract.

Completion Period: The Date of commencement will be the date ofsite handover or the 10th day after agreement whichever is earlier. TheMilestonedatesshallbethosespecifiedintheContractDataorasmutually discussed and agreed. In case the Contractor fails to meet theabove stipulated completion period, Contractor shall be liable to pay tothe Employer, liquidated damages as specified in Clause 15 of GeneralConditions of Contract. In addition to his own work in the overall timeperiod,theContractorshallprovidefortheworksofotherSub-

contractorsandVendors,includingthoseemployeddirectlybytheEmployer /Engineer-in-Charge.

Thecontractorhastotakeoverchargeofthesitebysigningtheacknowledgement form and commence the work within 10 days from thedateofexecutionofagreement.

If the site is not taken over by the contractor by signing the acknowledgement form , Engineer will forward the filled up form by registered/speed post, recording the date of taking over as the tenth day from the date of execution of a greement unless otherwise decided.

The contractor hastore submit the acknowledgement form duly signed within thr eedays of receipt and commence the works.

Itshallbedeemedthatthecontractorhastakenoverchargeofthesiteonthetenthd ayfromthedateofagreementirrespectiveofwhetherhehasreceivedtheacknowl edgementbypostorhasresubmitteditwithhissignature.Theworkwillbetermin atedathisriskandcostifthecontractordoesnotresubmittheacknowledgementf ormandcommencetheworkasrequiredunder14.3.

Recovery towards risk and cost will be made from the performanceguarantee, if the contractor does not turn up to take charge of the site

within the time prescribed under 14.3, he shall be demoted to a lower category as pertherules for registration of contractors.

The works shall be carried out in accordance with the programmesubmittedbythecontractorandagreedtobytheAgreementAuth orityat the time of executing agreement and updated subsequently with theapprovaloftheAgreementAuthority.

15. Liquidateddamages(LD)

If the Contractor fails to maintain the required progress in terms oftheagreedtimeandprogresschartortocompletetheworkandclearthe site on or before the date of completion of Contract or extended dateof completion, he shall without prejudice to any other right or remedyavailable under the law to the Employer on account of such breach, payas compensation, Liquidated damages @ 1(one) percent of the

contractpriceperweekofdelayorpartthereof.Theaggregateofsuchcompen sation / compensations shall not exceed 10 (ten) percent of thecontract value. This will also apply to items or group of items for whichseparateperiodofcompletionhasbeenspecified.Theamountofcompe nsation may be adjusted or set off against any sum payable to thecontractorunderthisoranyothercontractwiththeEmployer.

TheAgreementAuthority, if satisfied, that the work can be completed by the Contractor within reasonable time after the а specifiedtimeofcompletion, may allow further extension of time at its discretion a s per clause-19. In the event of extension granted being with LiquidatedDamages,theEmployerwillbeentitledwithoutprejudice to anv otherrightorremedyavailableinthatbehalf,torecoverfromtheContractorasagr eeddamagesequivalentto@1(one)percentofthecontractpriceperweekofdela vorpartthereof.

If the contractorachieves balance milestones, even though the hasfailed to achieve initial milestones, and the work has been completed in the specified/original time of completion, the Employer may release the already levied liquidated damages at his sole discretion.

The Agreement Authority, if not satisfied that the works can becompleted by the Contractor and in the event of failure on the part of theContractor to complete work within further extension of time allowed

asaforesaid, shall been titled, without prejudice to any other right, or remedy a vailable in that behalf, to terminate the contract.

TheAgreementAuthority,ifnotsatisfiedwiththeprogressofthecontractandinth eevent of failure of the Contractor to recoup thedelaysinthemutuallyagreedtimeframe,shallbeentitledtoterminatethecont ract.

Intheeventofsuchterminationofthecontractas described inclauses 15.4 and 15.5the Employer, shall be entitled or both. to recoverLiquidatedDamagesuptotenpercent(10%)ofthecontractvalueandforf eitthePerformanceGuaranteeandSecurityDepositmadebytheContractorbesi desgettingthework completed by other means at theriskandcostoftheContractor.

The Employer may waive the payment of compensation in the caseof contracts where milestones are fixed, depending upon merit of thecase,onrequestreceivedfromtheContractoriftheentireworkiscomplete dwithinthedateasspecifiedintheContractorasvalidlyextendedwithoutstip ulatinganypenalty.

the Engineer incharge. The Assistant Engineer shall in all such cases promptly record all authorised extra items executed bv the contractor including detailed measurements and quantities there of in the Measurement Book. He shall neither enter any rate for the same in theMeasurement Book nor include such extra items in the body of the bill.When the bill is received in the Sub Division, the sub Division Officershall prepare a separate statement for those extra items showing theitems executed, quantity of each items rate for each item worked out byhim based on agreement, conditions and amount for each item on thebasis of the rate worked out by him, He shall also furnish a certificate to the effect that he has personally examined all the extra items and they are bonafide the amount payable for these items will not be less then Rs

.....(amounttobespecified)andthatthere is no objection inpaying75percentof this amount as a secured advance On receipt ofthe bill with the above statement and certificate the Division Officer maymakepaymentnotexceedingtheamountrecommendedby the subDivisionOfficerasalump sum secured for extra items of works donebutnotbilledfor.

- 40. Deleted
- 41. Deductionsforuncorrectedwork:

If the Engineer-in-Charge deems it inexpedient to get corrected orrectified any work of the Contractor which is defective or damaged or ofsubstandard quality or is generally not in accordance with the ContractDocuments, then an equitable and appropriate deduction shall be madethereoffromtheContractPrice,andtheEngineer-in-Charge'sdecisioninthisrespectshallbefinalandbindingontheContractor.

Furthermore if, by reason of any accident, or failure, or other eventoccurring to, in or in connection with the Work, or any part thereof,either during the execution of the Work or during the Defects LiabilityPeriod, any remedial or other work or repair shall, in the opinion of theEngineer-in-Charge, be urgently necessary for the safety of the Work,

oranypartthereof, and the Contractor is unable or unwilling to immediately once do such work or repair, the Engineer-inand at Chargemayemployandpayotherpersonsoragenciestocarryoutsuchworko r repair as the Engineer-in-Charge may consider necessary. If the workorrepairsodonebyotherpersonsoragenciesworkwhich, in the opinion of the Engineer-in-Charge, the Contractor was liable to do at hisownexpenseundertheContract,thenallexpensesincurredbytheEmploy Engineer-in-Charge in connection with such work or er / repairshallberecoveredfromtheContractorandshallbedeductedbythe

Employer / Engineer-in-Charge from any money that may be payable orthatmaybecomepayabletotheContractororfromtheContractor'sperfor manceGuarantee/SecurityDeposit.

The defective or uncorrected work of the Contractor at any stage(during or after completion of work) may adversely affect or damage thework of other Vendors. Contractor shall at his own cost immediatelyrectify, correct or replace both his defective work as well as the work of the other Vendors so damaged, within the time period stipulated by theEngineer-in-Charge, so as not to effect the progress and quality of otherVendor'swork.IncasetheContractorfailstodothenecessarycorrection stothesatisfactionofEngineer-in-Chargeorundulydelaysthe

correctionwork, then the Engineer-in-Charge shall be at liberty toget the correction work done and if the correction work is not possible, then any extra work necessary to cover the defector damage, done the rough same/any other Vendor at Contractor's cost.

ActualcostsincludinganyincidentalsthereofincurredbytheEngineer-in-Charge on such corrections / extra works shall be recoveredfromthepaymentsoranyamountsduetotheContractor. 42. Virtualcompletionofworks:

The Contractor shall complete the Works by the intended date ofcompletion. In case Extension of Time has been granted, the extendeddateofcompletionshallbeconsidered.TheWorksshallbeconsider edasVirtuallyCompleteonlyuponsatisfactorycorrectionofalldefectsnotifie d by the Engineer, and only after the Work has been completed ineverv respect in conformity with the Contract Documents and after allthe systems and services have been tested and commissioned, and after the Site has been cleared and the Work cleaned in accordance with Clause78andwhentheAgreementAuthorityonareportbytheEngineer-in-Charge writing have certified that the Work in is VirtuallyComplete.ThevirtualcompletioncertificateshallbeissuedbytheEn gineer-in charge within 15 days of final measurement. The DefectsLiability Period shall commence from the date of Virtual Completion

 $in the virtual completion certificate is sued by the {\it Agreement} Authority.$

Should, before Virtual Completion, the Employer / Engineer-in-Charge decide to occupy any portion of the Work or use any part of any equipment, the same shall not constitute an acceptance of any part of the W orkorofanyequipment,unlesssostatedinwritingbytheEngineer-in-Charge. PriortotheissueoftheVirtualCompletionCertificate,theContractor shall submit and hand-over to the Engineer-in-Charge thekeystoalllocks, all operation and maintenance manuals for systems and se rvices, material reconciliation statements, warrantees, as builtdrawings, any sparescalledforintheContract, and everything elsenecessary for the proper use and maintenance of the Work complete with all systems and services.

Itisclarified that all materials whether Employer supplied or not shall be procured by the contractor at his own cost for carrying out correction work. No charges shall be paid on this account.

43. Programmechart/milestones:

TheContractorshouldstrictlyadhereto the agreed milestones, ifanyforthework.Ifthemilestones are not achieved by the Contractor,theContractorshallpaytheEmployerliquidateddamagesasperclau se

 15ofGCC.However,releaseofinterimLiquidatedDamagescanbeconsidered incasetheverynextMilestoneisachievedontime.Extension of time for any milestone if allowed has to be obtained inwritingfromtheAgreementauthoritywellinadvanceofcompletiondates.
 44. Penalty / fine fornon-compliance ofsafetycodes & labour laws:

If the Engineer-in-Chargenotifies the Contractor of non-compliance with safety codes as in Clause no. 67 and 68 and the labour laws etc. Contractor shall immediately if so directed or in any event notmore than 10 (ten) hours after receipt of such notice, make all reasonable effort to correct such non-

complianceandtoensurethatthereisnoreoccurrenceofsuchnoncompliance.

If the Contractor fails to do so, the Engineer-in-Charge shall levyfine of Rs.500(Rupees five hundred only) per head per day of the

totalnumberoflabourersemployedonthatparticulardayatsitefornotcompl yingwithsafetycodes&labourlawsetc.

45. Guarantees:

TheContractorunderstandsandagreesthattheEngineer-in-Charge is expressly relying and will continue to rely on the skill andjudgment of the Contractor in executing the Work and remedying anydefectsintheWork.TheContractrepresentsandwarrantsthat:-

- a. TheContractorshallperformtheWorkinatimely manner, instrictaccordancewiththeContractDocuments,and consistentwithgenerallyacceptedprofessional,constructionandcons truction-supervision practices and standards provided by anexperiencedandcompetentprofessionalcontractorandconstructio nsupervisorrenderedunderthesameorsimilarcircumstances.
- b. TheContractorisandwillberesponsibletotheEngineer-in-Charge for the acts and omissions of his Sub-Contractors and theirrespectiveemployees,agentsandinviteesandallthepersonsperf orminganyoftheWorkonbehalfoftheContractor.
- c. BesidestheguaranteesrequiredandspecifiedelsewhereintheContrac t Documents, the Contractor shall in general guarantee allworkexecutedbytheContractorandhisSub-ContractorsforDefectsLiabilityPeriodfromthedateofissueoftheVirtu alCompletionCertificate.ThosepartsoftheWorkorequipmentorinstal lations, for which extended guarantee periods are stipulated elsewhere in the Contract Documents, shall be guaranteed for such periods that are so stipulated. The duration of the Defects Liability Period, unless specified otherwise, shall be the extent of length of such guarantee periods.

The Contractor represents, warrants and guarantees to Engineer, interalias that:

- a. The execution of the Work shall be approved and capable of use,operation,performanceandmaintenanceforaccomplishingthep urposeforwhichithasbeenbuiltandacquired.
- b. TheWorkshallcomplywiththeSpecifications,Drawings,andother Contract Documents and that quality standards as per theQualityControlManualshallbemaintained.
- c. The Work shall, for Defect Liability Period from the date of issue ofthe Virtual Completion Certificate, be free from all defects and theWorkshallbeofstructuralsoundness,durability,easeofmaintenan ce,weathertightnessetc.
- d. Thematerials,workmanship,fabricationand construction shallbe of the specified and agreed quality and all materials shall benew.
- e. The Work performed for the Engineer-in-Charge shall be free fromallliens, charges, claims of what so ever nature from any party othe

rthantheEngineer-in-Charge.

Where, during such guarantee periods as mentioned above, anymaterial equipment or workmanship or generally anv item of or workfailstocomplyorperforminconformitywiththerequirementsstipulate d in the Contract Documents or in accordance with the criteriaand provisions of the guarantee, the Contractor shall be responsible for and shall be a randpayall costs and expenses for replacing and / or rectifying such materials. and making good equipment. workmanship, and items of work and, in addition, the Contractor shall be also r esponsibleforandshallbearandpayallcostsandexpensesinconnectionwith anydamagesand/orlossessufferedasaconsequenceofsuchfailure.

All guarantees required under the Contract shall be in the formatapproved by the Engineer-in-Charge and submitted to the Engineer-in-

ChargebytheContractorwhenrequestingcertificationofthefinalbill.

46. Defectsliability:

TheDefectLiabilityPeriodshallbe12

months.Maintenancebycontractorduringdefectsliabilityperiod:

Alldefectiveitemsofworkanddefectsnoticedandbroughttotheattentionof the Contractor by the Engineer in writing during the Defects LiabilityPeriodshallbepromptlyandexpeditiouslyattendedtoandreplacedand /or rectified and made good by the Contractor at his own cost, to thecompletesatisfactionoftheEngineer-in-Charge.

Replacement and/or rectification and making good by contractorsofalldefectivematerials,equipmentand/orworkmanshipdurin gdefectsliability period: The Contractor shall replace and/or rectify and makegood, at his own cost, and to the satisfaction of the Engineer-in-Charge,alldefectiveitemsofworkanddefectsarising,intheopinionoftheEngi neer-in-

Charge, frommaterials, equipment, and /orwork manship not performing or being not in accordance with the Drawings or Specifications or the instructionsoftheEngineer-in-ChargeorotherContract Documents or the best engineering and construction practices, and which may appear or come Defects notice within Liability to PeriodafterVirtualCompletionoftheWork.Anyitem,materialormatterrepai red or replaced shall receive a new Defects Liability Period of likeduration beginning upon the date the repaired or replaced item, materialormatterisreturnedforusetotheEngineer-in-

Charge, provided that the aggregate guarantee periods hall not exceed 24 mon ths. The Contractor shall be also liable for all costs associated with damages an

d/or losses which are a consequence of such defective items of workanddefects, and such costs shall be recouped by Engineer-in-Charge

/Agreement Authority from the Contractor and shall be recovered from the Performance Security Deposite I dand/or from the

Contractor'sfinal bill (if the final bill has not been certified and paid for at the time),or the same would otherwise be recovered from the Contractor. Shouldthe Performance Security Deposit held (and the amount in respect of thefinal billifith as not been certified and paid for at the time) bein sufficient to meetsuchcosts,damages,lossesandexpenses,asdeterminedbytheEngineer -in-Charge, then the Contractor shall be legally bound to pay the balance amount due under the claim to the Engineer-in-Charge within one month of receiving notification to that effect from the Engineer-in-Charge. In the event of failure on the part $of the {\tt Contractor top} ay the balance amount due with in one month as stated ab$ ove,theEngineer-in-Chargeshallbeentitledtoinvoketheperformance bond and the Contractor shall raise no objection in this regard. In respect of those parts of the Work for which longer guaranteeperiods are stipulated elsewhere in the Contract Documents, the DefectsLiability Period for such parts of the Works shall be until the end of therespectiveguaranteeperiodthatis

stipulatedforeachsuchpart.Nopaymentshallbemadetothecontractoronthi saccount.

Allthematerialwhether Employer supplied or not shall besuppliedbytheContractorathisowncostforundertakinganycorrection/recti fication/replacement of defective/damaged oruncorrectedworks.

47. Finalcompletionofthework:

The Work shall be considered as finally complete at the end of theDefects Liability Period subject to the Contractor having replaced and/orrectifiedandmadegoodallthedefectiveitemsofworkanddefectsand

hand over the Work in accordance with clause above, to the satisfactionoftheEngineer-in-

Charge,andprovidedthattheContractorhasperformedallhisobligationsan dfulfilledallhisliabilitiesundertheContract, and when the Agreement Authority has certified in writingthat the Work are finally complete. Such Final Completion in respect ofthosepartsoftheWork,forwhichextendedguaranteeperiodsarestipulate delsewhereintheContract Documents,shallbe achieved attheendofsuchstipulatedguaranteeperiods.

48. Takingoveroftheworks

The Contractor shall be responsible to maintain all his works tillcompletion of the Defects Liability Period and to handover the work totheAssistantEngineer.Inthisregardstheworkswouldbejointlyinspected by a team comprising of representatives of Contractor and theEngineer-in-

Charge, for noting any discrepancy, defect, short comings. Within the time peri odspecifiedbytheEngineer-in-ChargetheContractor shall rectify, correct or replace the defective works so notedduring the joint inspection, at his theEngineer-inown cost the satisfaction of to Charge.OnacceptanceoftheContractor'swork,thecontractor shall prepare inventory works. hand the of his and over theWork&theinventorytotheAssistantEngineer.

Duringcarryingouttherectification,correctionorreplacementworksasmen tionedabovetheContractorshalltakeallnecessaryprecautionstosafeguardt heexistingfinishingandworksofotherVendors against any damage. 1.41. Safety at Site

Tenderers alone shall be responsible for any damage to men and materials that may occur at site due to lapses in safety measures. Tenderers shall provide necessary caution boards and fencing as per the directions/ specifications of KRWSA for the trenches during the progress of work. Minimum 3 Nos. caution boards shall be placed in the approaching side& 2 nos. at the leaving side at the required distance as per the relevant safety codes. They shall also provide sufficient shoring to the sides of trenches to prevent collapse of the sides of the trenches and consequent damages to men and materials whenever the depth of trench exceeds 1.50 m or while excavating near other civil structures. During night hours, contractors shall provide sufficient lighting and watching at the site. Failure to adhere to these clauses shall attract fine and penalties by way of deductions from the payments to contractors at an amount worked out at department rates.

1.42. The rates tendered by a Contractor for the work shall include the cost of – In the case of supplies of materials such as rubble, broken stones, gravel, sand, etc., which may have to be measured prior to being used on the work, the contractor must always stack or arrange them neatly on level ground or on ground cleared and leveled by him for the purpose in such manner as may be ordered by the Officer-in-charge so that they may be easily susceptible of inspection and measurement, the cost of such clearing, leveling and stacking or arranging being included in the rates for work, Each stack must be straight and of uniform section throughout and of the dimensions specified by the Officer-in-charge. Materials not stacked or arranged in accordance with instructions issued will not be measured and paid for.

1.43. The Contractor shall be bound to bear the expense of defense of any action or law proceedings that may be brought by person for any injury sustained owing to neglect of above precautions in connection with the execution of the work, and to pay any damages and cost which may be awarded in consequence.

1.44The Contractor shall also help himself out of any difficulties of penalties arising from interference with private property in the execution of the contract. 1.45. All other conditions existing KRWSA applicable to this tender also.

1.46. The contract shall be responsible for any damage which any be caused to power or phone post or cables or to and building, walls and pipes, etc. nearby on account of excavation of the trench due to insufficient or lack of shoring or due to the result of bailing or pumping or stagnation of water. The contractor shall make his own arrangements for supporting electric and telephone post, electric and telephone cables during excavation and no extra payment will be given for

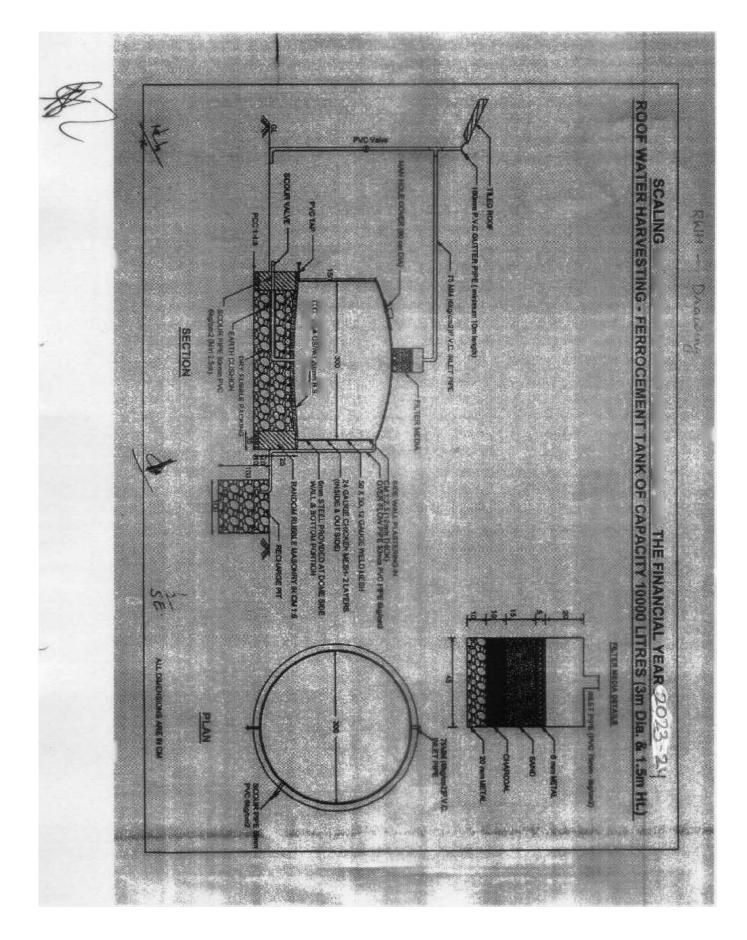

this.

- 1.47. The Agency materials if any issued to the contractor shall be taken charges of at the pipe dumps or stores by the contractor after satisfying himself about their sound condition and granting receipt to the officer In Charge of the purpose of inspecting, weighing or testing the pipes and materials as he shall see fit to do.
- 1.48. If any of the materials issued to the contractor in good condition become there after damaged before, when or after being placed in the work the contractor for the damage of the rate fixed by the Agency as per rule.
- 1.49. No payment will be made for additional pumping for bailing out water that may be required due to the fault of the contractor by way of inefficiency or delay is carrying out the works defective works etc.
- 1.50. If test show any defect in the work, such portion has to be redone and got retested to satisfaction of the Agency officer at the contractor's cost.

1.51. All other conditions and terms of contract are the same as those current in the KRWSA.

- 1.52. The CONTRACTOR shall be responsible for the safety custody of all materials taken charge by him subject however to the direction and control of the officer in charge.
- 1.53. FCC. for the work of OH Reservoir /GD Reservoir will be paid only after the tank is tested by filling water as instructed by the Dept. officers without any extra cost.

1.54. In addition to other tests as per M.D.S.S/C.P.W.D. and I.S.S., cube testing of concrete of R.C.C. work shall be conducted as per relevant I.S.S. without any extra charges.

3. ADDITIONAL TENDER CONDITIONS

4.1 The tenders shall be submitted electronically to the Regional Project Director, Regional Project Management Unit, Kerala Rural Water Supply and Sanitation Agency (KRWSA), Matha Arcade, Thodupuzha, Idukki -685584 in the method available at the website www.etenders.kerala.gov.in. All documents / attested copies shall be submitted electronically by scanning, digitally signing and uploading. The tender documents in original shall be submitted within three days of opening of the Tender. The contractors who are registered for e- tendering and having valid password can view the tender notice and the tender documents free of cost in tender free view. However on submission of tender, the tenderer will have to remit the tender fee electronically. The tender fee once paid successfully and credited to Kerala Rural Water Supply and Sanitation Agency (KRWSA) account will not be refunded even if the tender is cancelled at a later stage or the tenderer fails to upload his tender. Preliminary agreement in the prescribed form in Rs. 200/- Kerala Stamp Paper duly signed and sealed shall be uploaded without fail. The tender schedule shall be filled up in the prescribed format provided in the tender document. For uploading the tender documents, the tenderer has to remit the amount towards tender fee as well as the prescribed EMD through online payment mechanism for e-procurement system of Govt. of Kerala.

4.2 The rate quoted by the contractor should be inclusive of hire charges for the tools and plant, sales tax, excise duty etc. and all other incidental charges and no extra claims on these account, will be admitted.

4.3 The contractor shall be bound to carry out all extra items not provided for in the schedule but found necessary during execution of the work.

4.4 The contractor shall examine whether there are any gas mains, electric or phone posts, cables, water main, sewers, covered drains etc., coming in the line of the trench and shall not excavate in such localities before such mains, cables or drains or sewer are diverted or other wise arranged for.

4.5 The contractor shall be responsible for any damage which may be caused to power or phone posts or cables or to building, walls or pipes etc., nearby on account of the excavation of the trench due to insufficient or lack of shoring or due to the result of bailing out or pumping or stagnation of water. The contractor shall make his own arrangements for supporting electric and telephone posts, electric and telephone cables, existing water mains during excavation and no extra payment will be give for this.

4.6 The contractor shall examine and satisfy himself that the beds of the trenches are firm and suitable for laying the pipes. Should any portion be found unsatisfactory, the contractor shall take necessary steps to make the trench firm and suitable for laying pipes.

4.7 The pipes, specials and valves etc., shall be handled very carefully during loading, unloading, conveying, lowering operations as per the directions of the Agency officers under their approved modes and with approved instruments and should be satisfied that they are not defective.

4.8 If any of the materials issued to the contractor in good condition become there after damage before/ or after being placed in the work, the contractor shall be liable for the damage and shall be charged at the rate fixed by the Agency as per rule.

4.9 No payment will be made for additional pumping for bailing out water that may be required due to the fault of the contractor by way of inefficiency or delay in carrying out the works, defective works etc.,

4.10 The laid pipeline should be tested in convenient section not exceeding 150m length at a stretch/ in suitable

length fixed by the Agency. The testing of pipeline has to be done under the presence of the Officer-in-charge and under their directions.

4.11 If test show any defect to the works, such portion has to be redone and got tested to satisfaction of the Agency officers at the contractors cost.

4.12 If for lack of special after commencing the work, pipes have to be laid with open end, they have to be closed by needle plugs, at no extra cost by the contractor.

4.13 All other conditions, and terms of contract are the same as those current in the Kerala Rural Water Supply and Sanitation Agency (KRWSA).

4.14 All the relevant clauses of the specifications for earth works, trenching, receipt, transport and custody of materials, conveyance to work site, laying, testing etc., for CI/ DI/ AC/ PVC pipes in the Madras Detailed Standard Specification/ CPWD/ISS shall apply to all kinds of pipes.

4.15 Where trenching done, caution boards, red flags and danger lights, should be provided by the contractor at his cost as per standard practices, details of which are available in the Regional Project Director's office.

4.16 After refilling the trenches, the contractor is responsible for a period of two months to maintain at his cost the surface of the refilled trenches free of depressions, potholes or other irregularities.

4.17 The contractor shall be responsible for the safe custody of all the materials take charge by him subject however to the direction and control of the officer – in – charge.

4.18 From the "On Account" payments, deductions shall be made by the Agency at the rate prevailing towards contribution to the Kerala Construction Workers Welfare Fund Board.

4.19 The FCC for the work of OH Reservoir/ GL Reservoir will be paid only after the tank is get tested by filling water as instructed by the Departmental Officers.

4.20 In addition to other test as per MDSS/CPWD/ and ISS, cube tests of concrete for RCC work shall be conducted as per relevant ISS with out any extra charges.

4.21 Whenever a day's concreting exceeds 15m3 concrete test cubes shall be cast as per standard specifications IS 456, IS 1199 (latest revision) etc., and got tested in approved laboratory to ensure the quality of the concrete work in the presence of departmental officers. The rate quoted shall be inclusive of this item and no separate payments shall be admissible.

4.22 Time of completion mentioned include the Monsoon Seasons also.

4.23 The tenderers shall submit the detailed programs of work along with the tender giving due consideration for the rainy seasons.

4.24 Tenderers should quote the rate as shown below: a) For labour rates – the tenderers should quote percentage excess / reduction over the PAC b) The approximate quantities of materials such as steel, cement, pipes, specials etc required for the works is noted in Part II. The tenderers should quote the rate for supplying of materials for the work in Part II. The Price schedule shall be filled and submitted electronically.

4.25. Performance Guarantee at the award of contract should be 3% of Contract amount and should be submitted within 14(fourteen) days of receipt of LOA (Letter of Acceptance) by the successful Bidder. At least Fifty percent(50%) of Performance Guarantee shall be in the form of Treasury Fixed Deposit in favour of the Regional Project Director, Kerala Rural Water Supply and Sanitation Agency (KRWSA) for a period not less than 28 (twenty-eight) days after the completion of defect liability period and Balance Performance Guarantee in the form of bank

guarantee. Bank Guarantee is to be submitted in the format prescribed by the Employer in the bid document. Bank Guarantee shall be unconditional and it shall be from any Nationalised Bank/Scheduled Bank to be submitted.

4.26 The EMD deposited by the tenderer shall be released as soon as the security amount as above is deposited. Bank guarantee or other form of Security Deposit shall not be accepted towards security on any account.

4.27 No exemption shall be allowed for initial security deposit and retention amounts for Govt/ Quasi Govt. undertakings unless there is specific order from government to that effect for this particular work and approved by the Agency.

4.28 The contractor should maintain the pipe lines for a period of 12 months after commissioning the work at the quoted rate. On the grant of completion certificate to the contractor by the Engineer in charge of the work and within one month of the commencement of the guarantee / maintenance period, 5% of contract value out of the total 8% of the security deposit shall be refunded to the contractor. The balance 3% of the security deposits shall be retained by the Agency as security against any inaccuracies and omission found in drawings, designs, calculations, diagrams, sketches, statement, bad quality of work and maintenance of the system during guaranty period or any shortage of materials which may come to light after the completion of the work and which the contractor shall be liable to rectify or make good. An amount of at least 5% of the contract value shall be kept apart for trial running and commissioning. An amount equal to 1% of the total contract value shall be set apart for maintenance period, commencing after completion and commissioning.

4.29 Liquidated damages @ 0.5% of the value of the unfinished portion of works, per week or portion thereof subject to a maximum of 10% of the total value of Contract will be realized from the contractor, beyond the agreed date of completion of the work. If the contractor fails to complete the work even after levying the maximum of the liquidated damages, the balance portion of the work shall liable to be terminated and arranged through other means at the risk and cost of the defaulted contractor.

4.30 For supplying and laying contracts

a. The PVC pipes to be supplied under the contract if any shall be manufactured as per IS 4985 – 2000 as amended from time to time and shall bear ISI certification mark.

b. The PE pipes to be supplied under the contract if any shall be manufactured as per IS 4984 – 1995 as amended from time to time and shall bear ISI certification mark.

c. The DI pipes to be supplied under the contract if any shall be manufactured as per IS 8329 - 2000 as amended from time to time and shall bear ISI certification mark.

d. The AC pipes to be supplied under the contract if any shall be manufactured as per IS 1592 – 1989 as amended from time to time and shall bear ISI certification mark. The specials such as AC couplings, rubber rings, CID sets, CI specials such as bends etc., shall also be supplied as per relevant IS codes.

e. The CI pipes to be supplied under this contract shall be manufactured as per ISI – 1536 – 1989 as amended from time to time shall bear ISI certification mark. The specials shall also be supplied as per relevant IS codes.

f. The GI pipes to be supplied under this contract shall be manufactured as per ISI – 1239 – 2004 (Part1) as amended from time to time shall bear ISI certification marks. The specials shall also be supplied as per relevant IS code.

g. All pipes as per the scope of the work supplied should be factory tested and test certificate as per relevant

95

specification/latest code of practice should be produced along with the pipe supplied. The testing of pipes and the authentication of test certificate should be done by an approved third party inspection agency agreeable to KRWSA and witnessed by the technically qualified officers of KRWSA, if the contract value exceeds Rs.100 lakhs and by a Departmental Officer deputed by KRWSA if the contract value is less than Rs.100 lakhs. The cost of testing by Department (KRWSA) officer shall be borne by the contractor within the quoted rate and no separate claim shall be allowed. The TA/DA of the departmental officer if deputed shall be borne by the KRWSA.

h. All the pipe shall bear the inspection stamp of the inspection agency.

i. The specials to be supplied shall be of the same class as the pipes and shall bear ISI marks, wherever IS specifications are available.

j. The unit rate quoted for laying of pipes shall also include transportation of pipe and all other materials to the site.

k. Payment shall be made to the contractor only after satisfactory laying and testing of the whole or part of the work.

I. The contractor shall raise a claim for 75% of the value of the tested materials he has supplied at site, at estimate rate as secured advance, which shall be considered by the Agency as per secured advance rules of KRWSA. Sanctioning of such secured advances shall be at the discretion of the agreement Agency and shall not be taken as a right of the contractor.

m. The contractor shall guarantee satisfactory performance of pipe line for a period of 12 months after completion of the work. During this guarantee / maintenance period, any repairs that shall be necessitated shall be carried out by the contractor without any extra cost and within the shortest possible time, failing which the work shall be arranged/ attended by the KRWSA at the risk and cost of the contractor.

n. Necessary concrete anchor blocks, valve chambers etc, shall be provided by the contractor as per the approved plan. These items shall be quoted for as per quantities provided in the tender schedule.

o. Under no circumstance, any price variation shall be allowed for the pipes and other material to be supplied as per this contract and the prices quoted shall remain firm.

4.31 Deleted

4.33. Pipes and other construction materials shall be stacked at site only in consultation with the Regional Project Director concerned and will not be stacked more than 5 days before commencement of work. The excess cut soil, boulders, rubbles, balance pipes/cables should be removed from the site at the cost of the contractor immediately after back filling is completed, at any rate within 48 hours of completion of works.

4.34 The Bar Charts, Work Plan, Work Schedule in the agreement shall be submitted for all works so as to monitor the progress of the works. The as laid map of pipe line works shall be submitted by the contractor along with the bill and the same shall be verified by the concerned officers before making payment. The as laid maps shall be kept in the RPMU separately for future reference and one copy along with the agreement.

4.35 Works should be carried out causing minimum hindrance to traffic and inconvenience to the public. In cases where traffic is not blocked, trenching, pipe laying, back filling and rectification are to be done simultaneously

4.36. Additional Performance Guarantee

The contractor who quotes very low rates will have to remit performance guarantee with a view to curb the tendency

96

to quote low rates and execute the works unsatisfactorily. If the quoted rate is below 10% estimate rate (the quoted rate being x% below estimate amount), the contractor will have to remit performance guarantee equal to (x - 10) %. This will be released after satisfactory completion of the work.

4.37. In case of disputes, all legal proceedings shall be instituted in the court within whose jurisdiction, the Tendering Officer's office is located.

If any of the conditions above are in contradiction to any of the clauses in the Form 83, Special Conditions, Form 84, the clause/conditions of the additional tender conditions shall prevail.

I/We will furnish the Performance Guarantee Bond as per the approved format, if our bid isaccepted. Bid Security deposited shall be treated as security for the proper fulfilment of the same and shall execute an agreement for the work in the prescribed form. If I/We fails to do this ormaintain a specified rate of progress (as specified in the Milestone details of contract data in thebid document), the performanceguarantee(bothtreasury fixed deposit and irrevocable bankGuarantee)andPerformanceSecurityDepositifany deductedfromtheRABillsshallbeforfeited toGovernment and fresh tenders shallbe calledfor or the matter otherwise disposedoff. If as a result of such measures due to the default of the Bidder to pay the requisite deposit, sign contract or take possession of the work any loss to Government due to the same will berecovered from me/us as arrears of revenue, but should it be a saving to Government. I/We shallhave no claim whatever to the difference. Recoveries on this or any other account will be madefrom the sum that may be due to us on this or any or other subsisting contracts or under theRevenueRecoveryact orotherwisetheGovernmentmaydecide.

I/We further agrees that, in the case of becoming the lowest bidder in this tender and in the eventof failure on part of me/us to produce any of the original documents, or submit the performanceguarantee, or enter into agreement with the first part within the specified time limit, the first partmay take appropriate action as provided in the bid document. Recoveries on this or any otheraccount will be made from the sum that may be due to us on this or any or other subsistingcontractsorundertheRevenueRecoveryactorotherwisetheGovernmentmaydecide.

NOWTHEREFORINTHEPRESENCEOFWITNESSitismutuallyagreedasfollows.

- 1) Theterms and conditions for the said contract having been stipulated in the said tender docume ntandformstowhichtheI/Wehaveagreedandacopyofwhichishere to be appended which forms the part of this agreement, it is agreed that the terms and conditions stipulated therein shall bind the parties to this agreement except to the extend to which they are abrogated or altered by express terms and conditions hereinagreed to and in which respect the express provisions herein shall supersede those ofsaidtenderform.
- 2) The I/We hereby agreed and undertake to perform and fulfill all the operations andobligationsconnected with the execution of the said contract work .....

(hereinafterthenameofthework)ifawardedinfavouroftheme/us.)

3) If the Bidder does not come forward and to execute the original agreement after thesaid work is awarded and selection notice issued in his favour or commits breach ofany of the conditions of the contract as stipulated in clauseof the notice inviting tenders as quoted above, within the period stipulated then the Government may rearra nge the work other wise or get it done departmentally at the risk and the cost of the Bidder and the loss so sustained by the Government can be realized from theBidder under the Revenue recovery Act as if arrears of land revenue as assessed quantified and fixed by an adjudicating authority consisting of the Secretary Publicworks, ChiefEngineer (Admn) or any other officer or officers authorized by Governm

ent in this behalf, taking into consideration the prevailing P.W.D rates and after giving due notice to the Bidder. The decision taken by such authority officer orofficersshallbefinal and conclusive and shall be binding on the Bidder.

- 4) The Bidder further agrees that any amount found due to the Government under or byvirtue of this agreement shall be recoverable from the Bidder from his EMD and hisproperties movable and immovable as arrears of Land Revenue under the provision of the Revenue Recovery Act for the time being in force or in any other manner as theGovernmentmaydeem fit in this regard.
- 5) The Bidder further assures that it is clearly understood that the settlement of claimseither by part bills or by final bills will be made only according to the availability ofbudget provision and allotment of funds made with the Divisional officer in charge of the work under the respective heads of account in which the work is sanctioned and arranged and also subject to the seniority of such bills. No claims for interest or fordamageswhatsoevershallbemadefortherelatedsettlementofclaimsofbills.
